

2-in-1 Convertible Aluminum Hand Truck

Convenient, Versatile, and Easy to Use

	Configuration	
	Hand Truck	Platform Truck
Capacity	500 lb.	650 lb.
Height	53 1/2"	41"
Overall Length	–	43 3/4"

- Lightweight aluminum construction won't rust or corrode
- Easily converts from 2-wheel upright to 4-wheel position
- Double pistol grip handle offers easy use
- 12" frame width, 18"W x 8 3/4"D nose
- Features 5" swivel casters and 10" pneumatic wheels
- Manufactured in an ISO 9002 Registered facility

Slim & Trim 36" Traffic Cone, 9 lbs

- Durable 9 lb. PVC cones have a narrow wind-resistant design with a weighted base for greater stability
- Optional 6 lb. cone stabilizer (sold separately) easily fits over most manufacturer's traffic cones and provides extra stability
- Meets MUTCD requirements

Heavy-Duty 36" Traffic Cone, 11 lbs

- Rugged 11 lb. all-weather safety cones are constructed of dayglow red/orange PVC for excellent visibility
- Durable, heavy black base offers greater stability in high traffic areas
- Optional 6 lb. cone stabilizer (sold separately) helps keep cones in place during windy conditions
- Meets MUTCD requirements

Traffic Barrel with Engineer Grade Stripes

With Four 4" Engineer Grade Stripes

- Durable polyethylene traffic barrel retains its shape after high speed impact
- Stable, anti-roll design
- Base waffle pattern eliminates "walking" or "creeping"
- Tapered shape ensures easy stacking
- Pre-drilled holes allow easy mounting of barrier lights
- Comes with built-in carry handle
- 25 lb. recycled rubber base (sold separately) eliminates the need for a base plate. The barrel is virtually indestructible
- Meets or exceeds all MUTCD requirements

Instant "A" Frame Barricade Legs

Instant "A" Frame Barricade Legs for use with Two-Sided Reflective Barricade Board 225-7771.

- Rugged barricade accommodates one or two 2" x 8" x 6' barricade boards (sold separately)
- Plastic components are virtually maintenance-free
- Won't crack, peel, or splinter
- Durable plastic is formulated for a temperature range of -40° to +120°F

Please Note that barricade as shown consists of:

- 2 (1 pair) item 225-7765 Instant "A" Frame Barricade Leg units
- 1 item 225-7771 Two-Sided Reflective Barricade Board
- 1 item 225-7330 6-Volt Barricade Flasher Light

Two-Sided Reflective Barricade Board

- Two-sided 2" x 8" x 6' reflective barricade board ensures added safety
- Plastic components are virtually maintenance-free
- Won't crack, peel, or splinter
- For use with Instant "A" Frame Barricade, item# 225-7765, sold separately

Recycled Plastic Folding Barricade –Type I

Lightweight and Stackable

- Folding barricades are made from 100% recyclable, impact-resistant polyethylene
- Recessed panels protect reflective sheeting
- Reinforced panels and legs reduce bending and warping
- Barricade easily accommodates lights and warning signs
- Top panel measures 12"H x 24"L, bottom panel is 4"H x 24"L
- Meets MUTCD standards
